MEDICAL INVENTORY SERVICE

Conducting an inventory for a hospital or medical facility requires specialized knowledge. Rely on an experienced inventory service provider, like WIS International, to ensure an accurate inventory for your facility. WIS International has developed procedures and technical solutions specifically for the medical industry.

With more than 50 years of performing inventory services, WIS International has experienced personnel and the technical expertise to help provide medical facilities with a complete and accurate report of all pharmaceuticals and medical supplies within a facility. If you are experiencing higher supply purchasing activities due to over ordering, underutilization or lost value due to product expiration, WIS International can help.

Benefits to your organization

Cost Savings – Improving the efficiency of existing inventory can produce significant savings without affecting the quality of patient care. WIS International can provide improved visibility to current on hand quantities of supplies and pharmaceuticals. Combined with reorder and usage activity information, medical facilities like yours will have the tools needed to reduce overall spending on medical supplies.

Accuracy – Accuracy is the cornerstone of WIS International's inventory services. A count process tailored to your individual requirements, specially designed data collection equipment, and experienced, trained personnel are just a few of our program features which ensure you of an accurate inventory.

Hassle Free Service – Our managers supervise the entire inventory, ensuring standard procedures are followed and that your needs are met.

Independent Verification – You'll have the confidence that comes from an unbiased, independent third party count. Data from an independent source can also be used to assist with your quality initiatives.

Timely Reports – No need to wait for transcription or reconciliation of inventory data capture. Final inventory information, tailored to meet your specifications, will be available in print or electronically upon completion of your inventory count.

Solutions – Are you looking to improve your inventory process or get better information to manage your business? Draw upon WIS International's 50+ years of experience working with industry leaders to create solutions for your business.

About WIS International

WIS International has been delivering accurate results to many of the biggest names in retailing and manufacturing for more than fifty years. With more than 200,000 physical inventory counts taken every year, WIS International has become one of the industry's largest and most trusted suppliers of Inventory Counting Services worldwide. In addition, WIS International also provides merchandising services such as new product placement, point-of-sale display services, fixture installations and product recall return services.
